We are writing to let you know of our enthusiastic support for Len Munsil, the leading Republican candidate for Governor of Arizona! We urge you to get involved NOW to help him!

We believe it is critical for the Republican Party to rally around Len Munsil, the best candidate to replace our current liberal Governor.

We have all known Len Munsil for years. We, along with thousands of others across the state, have admired his advocacy for families and children. As the founding president of one of the nation's strongest, state-based public policy organizations, The Center for Arizona Policy, Len worked tirelessly as its President for 10 years, with incredible effectiveness to advance core principles that Republicans agree with – strengthening the family, reducing taxes, increasing educational choice and opposing judicial activism, among other things.

We are confident Len's campaign platform and core values of securing our borders, promoting economic freedom, combating our state's growing crime problem, and providing tax relief to Arizona families will resonate with a majority of Arizona voters. Len's campaign has caught fire with citizens all over Arizona, and has established him as our best chance for victory in November.

We also know Len as a skilled and articulate attorney, and as a public policy expert who has the intellect and leadership ability to turn Arizona in the right direction!

You can do three things today to help Len:

First, please IMMEDIATELY send in the enclosed donation form with your \$5 contribution to help Len qualify for Clean Elections funding! Please mail these donations and forms TODAY or as soon as possible to: Munsil for Governor, PO Box 3209, Tempe, AZ 85280-3209.

Sincerely,

Congressman John Shadegg  
Congressman Jeff Flake
